

# DIESEL GENERATORS

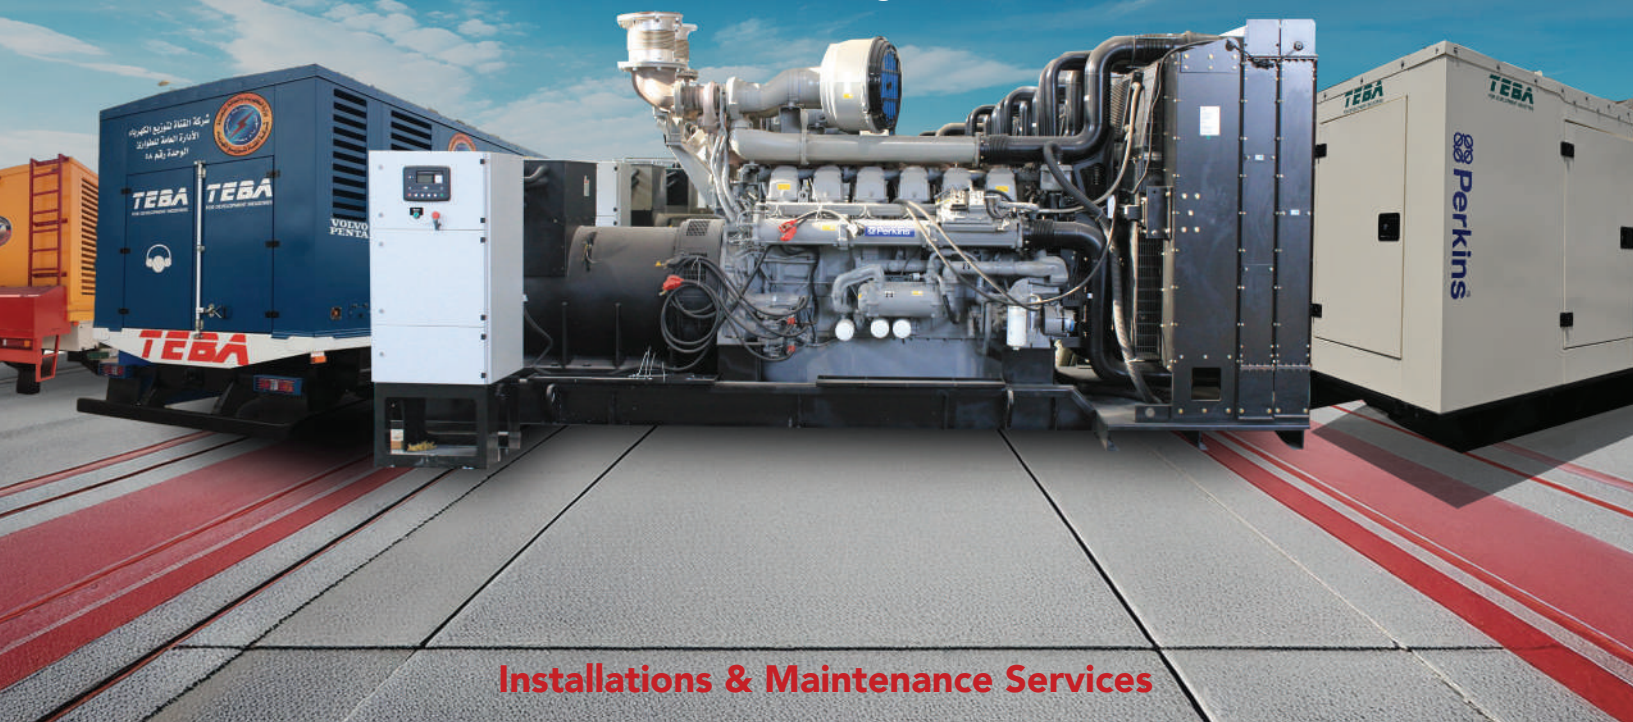

## RANGE

- Starting from 10 KVA up to 3750 KVA.
- Operating Frequency 50/60 HZ, 1500/1800 r.p.m.
- Operating voltage low and medium voltage (0.38 & 0.48 & 3.3 & 6.6 & 11) KV.

## TYPES

- Open type diesel generator.
- Trailers with load capacity from (1.5:30) tons.
- Closed type diesel generator inside sound proof canopy.
- Fuel tanks with wide capacities up to 40 m3.
- Closed type diesel generator inside super silent sound proof canopy.
- Synchronization & ATS panels.
- Closed type diesel generator inside weather proof canopy.
- Light towers.
